Detailed Action

This is the Office Action corresponding to amendment filed Aug 24, 2006. The application contains 8 claims; claims 9-25 have been cancelled.

The finality of the last office action is withdrawn, since some defects are found in the filed declaration(s).

Declaration

The reissue oath/declaration filed with this application is defective because it fails to identify at least one error, which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414. Since the claims filed to correct the error have been cancelled, the error listed in the former declaration(s) is not longer being corrected. No foreign priority is listed in the declaration(s).

One declaration is needed from the inventors, or from the Assignee; not a hybrid combination of both as have been provided.

The supplemental declaration needs to cover the After Final amendment filed Aug 24, 2006, and any further changes, if any, made subsequent to this.

Claims 1-8 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.
